

THE KEEPER-AUDITION WINDOW — picks 56, 65, 80, 89

Every RB/WR/TE the board expects in this range. **2027** is what the pick is worth as next year’s keeper: how often that position gets kept, times what a keeper there is worth. **STARTER** = he is RB1/WR1 on his own depth chart — the FLEX floor.

Measured on four drafts, 2021-24 (n=474): rounds 5-6 **12.2%** become next year’s keeper, rounds 7-8 **17.7%**, rounds 9-12 only 8.3%, rounds 13-15 1.5%. Rounds 1-4 are 0% — ineligible. Expected 2027 value here: **RB +15.2 • WR +4.2 • QB +0.6 • TE 0.0.**
